- Long-term natural gas energy savings
- Easy to search directory

How Does It Work?

Rather than providing post-installation rebates to our customers, rebates will now be provided directly to participating distributors in an effort to help our customers save time and money. It's that simple!

You can quickly find participating distributors using our online **Commercial Water Heater Distributor Directory** at socialgas.com (search "Distributor Directory")

Contractors purchasing on behalf of our customers may qualify for a discount at the point-of-sale if they are purchasing a storage or instantaneous/tankless water heater on behalf of our customers.

For more details contact one of our participating distributors.

All equipment must be new and installed at a SoCalGas qualified customer facility.
